Subject: Personnel Policies and Procedures
Title: Litigation Hold
Effective Date: March 1, 2015
Litigation Hold Policy

Purpose:
 This policy provides guidance for the management and preservation of records, documents, and other items involved in litigation and/or potential litigation.

Accountability:
 By direction of the President/CEO, through the Vice President of Human Resources and respective supervisors shall ensure compliance with this policy and procedure.

Policy:
 A legal hold is defined as a request to all relevant team members to preserve all records, including documents and electronically stored information that may relate to a pending or anticipated legal action involving the Convention Center Authority. This request is to ensure that the records in question will be available for the discovery process as part of litigation. A legal hold may be issued in an electronic or paper-based format. An agency must take reasonable steps to preserve records when it learns of pending or imminent litigation, or when litigation is reasonably anticipated. Legal holds seek to prevent spoliation (destruction, alteration, or mutilation) of evidence which is relevant to or discoverable in a subject dispute. The Legal Hold applies not only to paper-based documents but also to electronically stored information (ESI), including email and draft documents.

Procedure:

- When informed of litigation or upon identifying that the reasonable potential for litigation exists, Music City Center team members will immediately notify their Supervisor. Supervisors are responsible for immediately forwarding the notification to the Director of their department. The Director will immediately notify the President/CEO or his/her designee of the litigation or threat of litigation.
- President/CEO or his/her designee shall notify the Attorney of record immediately.
- The Attorney of record will work with the President/CEO or his/her designee the best possible description of the subject-matter to be placed on hold as soon as possible as well as all relevant team members who may have records at issue. Any related retention or destruction processes will be suspended to ensure preservation.
- The President/CEO and his/her designee will communicate the Legal Hold to all Internal Personnel who have not been notified directly by the Attorney of record.
- The President/CEO or his/her designee will inform the Agency Attorney about any existing Legal Holds that may overlap with a newly-issued Legal Hold.
- When the litigation has been concluded, or the threat of litigation has been resolved, the Agency Attorney will notify all Personnel that the record hold has been removed and normal retention policies can be resumed.

DISPLAY POLICY

It is the policy of the Convention Center Authority that only temporary exhibits in specifically designated areas are permitted [i] by licensees (customers) who are party to a license agreement for a specified period of time for an event taking place at the Music City Center; [ii] by other parties who have a contractual relationship with the Music City Center; or [iii] if of a temporary nature that allows the Music City Center's management to move or take down such display at its discretion and without complication (i.e. signs or banners). There will be no permanent placement of exhibits within the Music City Center premises without the issuance of a request for proposal for a specific area or without the express approval of the Board of the Convention Center Authority based on a specific need for the Music City Center.
